

# ŠKODA AUTO University

## Study and Examination Regulations

### Part One Preamble

#### **Article 1**

The Study and Examination Regulations issued by ŠKODA AUTO University (hereinafter referred to as "Study and Examination Regulations") is applicable for accredited study programmes implemented by ŠKODA AUTO University (hereinafter referred to as "University") in compliance with Sec. 44 through Sec. 46 of Act no. 111/1998 Coll., on higher education institutions and on amendments and supplements to some other acts (Higher Education Act), (hereinafter referred to as "Act") and the University Statutes ("Statutes").

### Part Two Study Regulations

#### **Article 2 Admission procedure**

1. The Admission procedure is regulated by Sec. 48 through 50 of Act and Article 4 of the Statutes.
2. Candidates are admitted to the programme within the admission procedure. The conditions and the form of the admission procedure are approved and announced by the Rector. The decision on admission/denial of admission is made by the Rector, who shall communicate the decision to the candidate in writing.
3. From the date the decision comes into force, the candidate has the right to be enrolled for the course in compliance with Sec. 51 of the Act. Having enrolled for the programme, the candidate becomes a University student.
4. Should the candidate fail to enrol on the regular or alternative enrolment date, he/she does not become a University student.
5. As a rule, a student of another university can be admitted on condition that he/she has already completed at least one year of university study. The placement in the particular year of the study depends on the professional specialisation of the previous study programme.

#### **Article 3 Organisation of Studies**

1. The courses at the University are based on the selected form of the study within the accredited study programmes. The branches of study are made available through official channels (on the Notice Board).
2. The courses are facilitated by means of lectures, practicals, seminars, consultations, workshops, specialised courses, field trips, internships and self-study.
3. Unless otherwise stated in Article 6 (3) of the statutes, an academic year begins on 1<sup>st</sup> September and ends on 31<sup>st</sup> August of the subsequent calendar year. The academic year is divided in two semesters. Usually, the winter semester begins on the Monday of the first week in October. As a rule, in Bachelor's programme each semester comprises of fourteen weeks, except for the last semester which comprises of ten weeks. In Master's programme first and second semester comprises of fourteen weeks and third and fourth semester comprises of twelve weeks.
4. The exact start date of every academic year is announced by the Rector in compliance with the study programme. The organisation of the course within the academic year follows from the academic calendar.

#### **Article 4 Information system**

Entire electronic study evidence is carried out in the Academic Information system (hereinafter AIS). Students, teachers and other university staff are allotted access data to the AIS. The AIS is a primary information portal used by the University and complies with safety regulations standards of data protection against lost of data or misuse.

## **Article 5 Study Programmes and Study Plans**

1. The scope and the content of the studies at the University are set forth by the study plan.
2. The study programme comprises of all prerequisites pursuant to Sec.44 of Act, the brief characteristic of the branches of study included in the programmes compulsory subjects, compulsory subjects relevant to the field of study and elective courses (hereinafter referred to as "subject") with annotation and classification within the particular semesters. All the afore-mentioned elements form the standard study plan (hereinafter referred to as "study plan"). The study plan sets forth the standard duration of the studies. Every subject is specified by the number of study units per week (lectures, practical's, and seminars), the number of credits and the way they can be obtained by students (credits with final assessment or without assessment). The study plan for the Bachelor's Degree programme enrolled in on no later than the academic year 2011/2012 includes a list of compulsory Bachelor exams. The study plan is discussed and approved in compliance with the Article 3 (2) of the statutes.
3. Subjects are added to- , removed from- or any changes in course registration the study programme according to proposals submitted to the Rector by the person responsible for the respective branch of study (Guarantor), following recommendations made by the council for the respective branch, and in compliance with the accreditation.
4. The programme guarantor's key responsibilities and competences are:
  - a. elaborate annotations of the subjects included in the study programme.
  - b. determine the relationships and prerequisites among particular subjects and set forth conditions of assessment and evaluation.
  - c. approve curricular changes (content of the study course, conditions of assessment and evaluation, proportion of lectures and practical's, number of credits per subject and placement of subjects within semesters).
5. The characteristics of the subjects included in the study programme shall comprise of the following specifications:
  - a. name of the subject,
  - b. guarantor of the subject, name of the teacher of the subject,
  - c. study programme, year and recommended semester,
  - d. number of study units per week, including the lecture/seminar identification,
  - e. workload description and credits divided according to the required activities,
  - f. the way the subject is completed and the conditions set in order to obtain credits (with/without assessment),
  - g. conditions for successful completion of the subject,
  - h. enrolment conditions, expected previous knowledge and connections to previously studied subjects,
  - i. brief annotation with course objectives,
  - j. obligatory and recommended study literature,
  - k. content of the lectures,
  - l. content of the seminars,
  - m. by the end of the course the student should be able to prove theoretically and practical knowledge of the subject.
6. The subject guarantor's key responsibilities and competences are:
  - a. determine the content and the main aims of the subject that should be in accordance with the student's degree programme profile as well as with current scientific knowledge,
  - b. teach the subject,
  - c. determine what the learner will have learned after completion of the subject,

- d. determine teaching methods, the distribution of the workload, and requirements for the successful completion of the course,
  - e. set core and recommended literature,
  - f. manage the content of the subject,
  - g. methodically lead other teachers of the course, create teaching materials and other support materials for the subject, and ensure teaching equality across all the groups studying the same subject,
  - h. determine subject recognition of a course completed by a student in an exchange programme at a partner university or completed in his/her previous studies in a similar degree programme.
7. Student's achievements are evaluated by means of credits with/without assessment and Bachelor exams.
  8. The Bachelor's and Master's Degree Programmes must be completed by the state exams.

#### **Article 6            Enrolment and Studies**

1. The specific date and method of enrolment are set by the Rector.
2. Students must enrol for subjects every semester of the Bachelor's or Master's Degree programmes.
3. The enrolment for the entire degree programme is considered as the enrolment for the first semester within the respective study programme.
4. At the beginning of the second semester of the Bachelor's and Master's Degree programmes students shall register for the subjects selected for the given study period. Registration of subjects is followed by the enrolment of the subjects for the forthcoming semester, which must be completed within a specific deadline.
5. Furthermore, the registration and enrolment of subjects must be conducted within specific deadlines at the beginning of each subsequent semester.
6. Should a student fail to complete the enrolment for the forthcoming semester as required, the course shall be terminated, pursuant to the provisions of Sec. 56 (1) (b) of the Act. The Decision is subject to provisions of Sec. 68 of the Act and Article 13 hereof.

#### **Article 7            Enrolment and registration of subjects**

1. Students shall register for the subjects of the forthcoming semester, including elective and repeated subjects. The registration date and method of registration are announced by the Rector.
2. In the first semester subjects are automatically registered as a part of enrolment in compliance with the study plan.
3. Students have to enrol for all subjects that they have registered.
4. During the course of study, students shall register within the deadline announced by the Rector. However, students can participate in lectures, practicals, etc. only if they have enrolled for the given subject in compliance with Article 5 (8). The registration date and method of registration are announced by the Rector.
5. You may only enrol in certain subjects only after passing the subjects defined by their characteristics as obligatorily prerequisite subjects.
6. Furthermore, students may register and enrol for subjects facilitated within another professional specialisation. Such subjects are considered electives and are non-compulsory. The requirement for placement of such elective subjects can be met only after the requirements of the students of the given professional specialisation have been fulfilled.
7. All elective courses require a minimum number of students to register, and if at the end of the registration period this value is not met then registration is cancelled.
8. Every semester (accept for when on compulsory internship) each student is given 36 credits to use to enrol in subjects. By enrolling in a subject, the total number of available credits is decreased by the number of the credits allocated to the particular subject. Any unused credits shall be carried over to the subsequent semester.
9. The total amount of credits (including those carried over) which a student can use to enrol for related subjects in a semester must not exceed 42.

## **Article 8 Bachelor and Master's Degree thesis**

1. The Bachelor thesis comprises of a solution to a profession-specific problem that - by its nature - requires the knowledge and the competences at the level deemed to be suitable for a Bachelor Degree. The Master's thesis comprises of a solution to a profession-specific problem that - by its nature - requires the knowledge and the competences at the level deemed to be suitable for a Master's Degree.
2. The topic (the assignment) of Bachelor and Master's Theses (hereinafter referred to as "thesis") is based on:
  - a. the needs within the company operation, in particular from the needs of the Škoda Auto a.s.,
  - b. research activities and professional specialisation of the University,
  - c. a topic proposed by the student.
3. Pursuant to the provisions of Sec. 62 of the Act, the student can propose the topic of his/her thesis. The proposed topic is subject to approval by the Rector or another authorised person. The same procedure shall apply for the appointment of the supervisor.
4. The name of the supervisor is specified as one of the key prerequisites of the assignment.
5. The thesis is assigned to students by the Rector at least 6 months preceding the date of the state exam.
6. Should a thesis comprise confidential information, the level and the way of keeping the information confident is covered by the Thesis Guidelines (Rector's directive).
7. In compliance with Sec. 47(b) of the Act, the University makes the post-defence theses available to the public in the library and on the academic information system, on a non-gainful basis, including opponent opinions and assessment, by means of the University's thesis database.
8. The assignment of the thesis is assigned to a student in the full-time Bachelor's Degree Programme provided that the student has successfully completed the compulsory internship.
9. The assignment of the thesis is assigned to a student in the combined Bachelor's Degree Programme provided that the student has obtained at least 80 credits, aggregated from the beginning of the studies until 31st March of the calendar year when the thesis is to be assigned.

## **Article 9 Internship**

1. In the full time Bachelor's Degree programme, in order to graduate the student must undertake an internship for one semester.
2. Conditions related to the internship are specified in the provisions of the relevant Rector's Directive.
3. A student may start the internship provided that he/she has obtained at least 80 credits since the beginning of his-her studies until 30th June of the calendar year in which the internship is due to commence.

## **Article 10 Leave of Absence**

1. The course of the study may be interrupted only after the first year of the given study programme has been successfully completed. Exceptions may be given for serious reasons and are subject to the Rector's approval.
2. The student must notify the Rector in writing of his/her decision to have a temporary leave of absence. The course of study may not be interrupted more than twice. The aggregate time of the temporary suspension within the study programme must not exceed two years.
3. The time of the study interruption shall not be included in the maximum admissible duration of the studies. The time between the completion of all study requirements specified in the study plan (i.e. all necessary credits obtained, Bachelor exams passed and/or Thesis submitted) and the date of the state exam is not considered as a leave of absence (in the sense of the provisions of Article 20 (10)).

4. During the leave of absence, the student will cease to be a student, i.e. a member of the academic community, loses academic rights and freedoms listed in Sec. 4 of the Act and Article 10 of the Statutes, and must not use the services provided by the University and its facilities. The person has the right to re-enrol for studies until the leave of absence has expired.

#### **Article 11            Withdrawal from Studies**

1. If a student decides to withdraw from his/her studies then he/she shall notify the Rector of the decision in writing.
2. The Withdrawal Date, pursuant to Sec. 56 (2) of the Act, is the date of that the student's statement of withdrawal is received.

#### **Article 12            Exclusion from Studies**

1. A student may be excluded from further studies pursuant to Sec. 65 (1) (c) or Sec. 67 of the Act.
2. The Decision to exclude a student from further studies is made by the Rector, based on the University's Discipline Regulations.
3. The student ceases to be the University student on the date of the decision on exclusion from further studies has become valid and effective. The decision is subject to the provisions of Sec. 68 of the Act.

#### **Article 13            Termination of Studies**

1. The study at the University is terminated and the person ceases to be a university student if:
  - a. The student has duly completed the studies, pursuant to Sec. 55 of the Act, or
  - b. The student has not enrolled for the forthcoming semester within the regular or alternative enrolment deadline, unexcused.
  - c. The student failed to appear at the state exam on the appointed date, unexcused, or
  - d. The student, at his/her own request, has withdrawn from the studies, pursuant to Article 11, or
  - e. The student was excluded from further studies, pursuant to Article 12, or
  - f. The student failed to act in compliance with Article 14 (4) and the internal regulation on tuition for studies.
2. The termination of studies pursuant to (1) (a) is governed by the provisions of Sec. 55 of the Act. The course of study is duly completed by going through the study programme successfully. The completion date is the date of the obligatory state exam or its final part. The completion of the programme and the right to use the academic title is documented by the University Diploma and the Diploma Supplement.
3. The termination of studies pursuant to (1) (b) through (f) is governed by the provisions of Sec. 56 of the Act. The Decision pursuant to Article 12 (1) (b) through (d) and (f) through (g), is governed by the provisions of Sec. 68 of the Act. The Completion Date, pursuant Article 12 (1) (b) through (c) is the deadline set forth by the Rector in the academic calendar in terms of fulfilment of the requirements following from the study programme according to the study and examination regulations. The termination date pursuant to Article 12 (1) (f) is announced by the Rector's decision and shall be governed by the provisions of the contract of studies pursuant Article 23 of the Statutes.
4. In case the course of the study is not duly terminated, the student shall receive relevant documents, pursuant Sec. 57 of the Act and in compliance with the provisions of Article 7 (4) of the Statutes.

#### **Article 14            Tuition**

1. Students at the University shall pay the University fee(s) (hereinafter referred to as "Tuition"), in compliance with Sec. 59 of the Act and the University's internal regulations on tuition.
2. The amount of tuition is determined for an academic year. The tuition is paid in two instalments, twice a year, within the deadlines announced by the Rector.

3. If the standard duration of studies is exceeded, the student shall receive an invoice issued on the same basis for each additional semester.
4. Failure to pay the tuition within the deadline shall be considered in compliance with Article 13 (1) (f). If well-grounded, the Rector may set forth an alternative payment.

### **Part Three Examination Regulations**

#### **Article 15 Assessment and Credit System**

1. The student's performance is assessed by means of credits. One credit represents 1/60 of the average yearly work load on the student under the conditions of the standard course. No credits are obtained by internship.
2. Each subject is allocated a specific number of credits, which shows a relative work load assigned to the student in order to complete the particular subject successfully.
3. A subject may be completed and receive credits with or without assessment.
4. Credits are obtained within the same study programme are aggregated.
5. Validity of credits acquired within Bachelor's Degree programmes is 7 years, validity of credits acquired within Master's Degree programmes is 5 years.
6. The credits obtained from completed subjects and successful Bachelor exam shall be confirmed by entering the achieved score in the Academic Information System (AIS)
7. A successfully completed internship shall be recorded in the AIS.
8. Student's assessment is made on the subjects that have been enrolled for in compliance with the study programme and the provisions hereof.
9. For all subjects to be completed with assessment (exams), Bachelor exam, partial exams within the state exams at the end of Bachelor's and Master's Degree Programmes, opponent opinions, defence as well as the aggregate score obtained at the final examination, the following assessment scale will be applied: "Excellent" (1), "Very Good" (2), "Good" (3), "Failed" (4). Grade "Failed" is not recorded in the Diploma Supplement.
10. The overall result of the state exam follows from the Decision of the State Examination Board. The overall assessment on the studies follows from the provisions of Article 23 hereof.

#### **Article 16 Credits without Assessment**

1. Credits without assessment are acquired when the student meets study conditions set for the given subject. The conditions and requirements are available in the course syllabus of the respective subject in AIS.
2. Credits are allotted by the course supervisor or a course tutor, exceptionally, by a teacher appointed by the Rector.
3. Usually, the credits without assessment are acquired during the last week of the corresponding semester.
4. Credits for a particular subject may be given to a student who has obtained credits for the same subject from another university in the Czech Republic or abroad. The relevant decision shall be made by the grantor of the given subject.

#### **Article 17 Credits with Assessment**

1. Credits with assessment are given to a student who has fulfilled the conditions stated in the annotation of the subject, pursuant to Article 5 (5) (f). The conditions and requirements to meet in order to obtain the credits with assessment (to pass the exam) shall be communicated to the students by the teacher during the first week of the semester. The information about conditions and requirements is available in the annotation of the respective subject.
2. The credits are recorded by the respective teacher, in exceptional cases by another teacher appointed by the Rector. I
3. In case that a subject is assessed by a final grade, the course syllabus contains a description of an on-going evaluation requirements that have to be completed before the final evaluation.

4. The attempt to fulfil the conditions to obtain the credits with assessment may be repeated only twice. Pursuant to the provisions of clause (2), the date of the repeated attempt (repeated exam) shall be set by the teacher authorised to give the credits. On student's or lecturer's request, the repeated exam may be facilitated before an examining board, whose members shall be appointed by the Rector.
5. Examination dates are announced by relevant teachers, in compliance with Article 16 (2); the number of the exam dates and their duration depends on the number of the students to be examined, taking into consideration potential repeated exams. The exam dates shall be announced no later than during the last week of the regular semester duration in AIS. An examination is written, oral or combined.
6. An unexcused absence at the exam on the date registered by the student shall be graded by "Failed". The student may apologize within five days after the exam date.
7. The procedure of taking exams in order to obtain credits usually takes place during the examination period (after regular lectures and practicals have been completed).
8. Credits for a particular subject may be given to a student who has obtained credits for the same subject from another university in the Czech Republic or abroad. In the case that the content of the subject was different, the credits may not be recognised. The relevant decision shall be made by the guarantor of the given subject.

#### **Article 18 Bachelor exam**

1. The Bachelor exam is a summary examination, usually taken before an examining board of teachers, which takes place after credits have been obtained for key subjects (the subjects which are important in terms of further study and the student's qualifications profile). The Bachelor exam is not a study requirement for students who applied in the academic year 2012/2013 and later.
2. The credits obtained from the required prerequisite subjects shall be obtained before a student registers for the Bachelor exam.
3. The Bachelor exam:
  - a. Shall be conducted through demonstration of required knowledge and competences.
  - b. May be recognised as the examination(s) that have been passed earlier at another university in the Czech Republic or abroad. The person having the right to recognise the examination that had been passed at another university is the Guarantor (Guarantors) of the respective key subjects preceding the Bachelor exam, in compliance with Article 18 (1). The course of the Bachelor exam is recorded in the Report of the Bachelor exam.
4. A student who fails can repeat the Bachelor exam twice, within the period and the date as announced.
5. Should a student fail the Bachelor exam pursuant to Article 4, the credits obtained for the subjects as per par. 2 become invalid. The student then may re-enrol such subjects, pursuant to Article 6 (5), on condition that the provisions of Article 5 have been fulfilled.

#### **Article 19 Records and Performance Checks**

1. Credits obtained and the Bachelor exams passed are recorded in the AIS and at the study department. The records shall be verified and signed by the relevant Guarantor(s).
2. Teachers (exam facilitators) shall enter the results (both successful and failing) in the AIS, no later than in five business days from the date when the result of the exam has been achieved.
3. A student has a right of appeal against the result of the exam entered in the AIS (or its absence) within fifteen business days from the date of the record (or from the date when the result has been achieved).
4. The Study Department shall check fulfilment of the requirements set forth by the study programme before the application submission for the state exam is made, pursuant to Article 20 (2) and (3).

5. The Study Department shall check fulfilment of all the study programme requirements pursuant to Article 20 (2) and (3).

## **Article 20 State exam**

1. The state exam (hereinafter referred to as "SE") is public and taken before an examining board ("Board") pursuant to Sec. 53 of the Act and Article 6 (4) of the Statutes. In the case that the state exam is split in partial exams, a specific examining board shall be appointed for each partial exam.
2. Students from the Bachelor's Degree study programme are eligible to register for the state exam provided that: He/she has obtained 180 credits from the subjects included in the study plan; passed the number of the Bachelor exams required by the study plan; and submitted his/her Bachelor thesis.
3. Students from the Master's Degree study programme are eligible to register for the state exam provided that: He/she has obtained 120 credits from the subjects included in the study plan while credits were obtained from at least one specialised subject taught in a foreign language; and submitted his/her Master's Thesis.
4. The state exam at the end of the Bachelor's Degree study programme consists of three parts: defence of the Bachelor thesis pursuant to Article 21; Accounting Exam; and Business Economics Exam pursuant to Article 22. This provision shall apply to students who have enrolled for year one of the programme at the University after 1 August 2006. The students who enrolled for the studies at the University earlier shall take an Economics Exam instead of the afore-mentioned Accounting Exam.
5. The partial exams within the state exam at the end of the Bachelor's Degree study programme may take place on more than one day.
6. The state exam at the end of the Master's Degree study programme consists of partial exams specified within the study programme, i.e. Economics Exam; Business Administration, major subjects within the branch of study; and Master's thesis defence.
7. The partial exams within the state exam at the end of the Master's Degree study programme may take place on more than one day.
8. After each partial exam, at the candidate's absence, the members of the examining board shall evaluate his/her performance during the exam and decide on the result of the state exam pursuant to Article 15 (8) and (9). Should a candidate fail any part of the state exam, the overall result is "Failed".
9. The examining board makes the decision on the result of the state exam by voting. The particular method of voting is to be selected by the Examining Board. The Examining Board is quorate on condition that three members of the Board are present, including the Chairperson/the member of the Board authorised to act on behalf of the Chairperson. The "Passed" statement is concluded by simple majority of the votes by the present members. First, the Board sets whether the candidate passed or not. In the case of the decision "Passed", the performance is graded pursuant to Article 15 (9). The grade is proposed by the Chairperson, for the defence and for the exams separately.
10. As soon as the examining board comes to the decision, the candidate is told whether or not he/she has passed the state exam/the partial exam. The result of the Exam (the grade) shall be announced by the Chairman. The candidate shall be informed of the result of the exam on the exam date.
11. The course and the result of the SE shall be recorded by a person authorised to do so by the Rector. The Record is made in the Czech language.
12. Each part of the SE may be repeated twice, provided that the conditions set forth in Article 10 are fulfilled, however, not earlier than after two months from the registered date of the examination.
13. The candidate shall repeat only the part of the state exam which he/she failed. In the case that the candidate failed the defence of his/her thesis, the examining board shall decide whether the candidate is to re-elaborate the present topic or work on a new topic.
14. The candidate shall register for the SE via the AIS or at the study department within the deadline as announced by the Rector, usually one month before the date of the exam. The

SE must be taken within two years after the study requirements specified in the Study Programme have been fulfilled. Student's record books are checked by the study department before the end of the week preceding the SE.

15. As a rule, the state exams take place twice a year, when regular lectures and seminars are finished.

#### **Article 21 Assessment on Bachelor and Master's thesis**

1. The Bachelor's/ Master's thesis is assessed by the supervisor and the opponent.
2. The opponent is appointed by the Rector or an academic staff member appointed by the Rector.
3. The thesis supervisor and the opponent shall elaborate their evaluation of the thesis in writing. The thesis is graded in compliance with Article 14 (8).
4. The supervisor's and the opponent's reports comprise of the following:
  - a. Statement whether the thesis has fulfilled the objectives set forth in the assignment,
  - b. Evaluation of the content and the formal aspects,
  - c. Conclusion whether the thesis has fulfilled the requirements to be awarded the academic title and whether the thesis is recommended for the defence,
  - d. Proposal on the assessment on the thesis pursuant to Article 15 (9).
5. The thesis supervisor's evaluation shall include the candidate's approach and efforts demonstrated when working on the thesis.
6. The candidate has a right to know the content of the assessment opinions three days before the date of the defence as the latest.
7. In case of diverging opinions of the thesis supervisor and the opponent for more than two grades, an additional opponent shall be appointed by the Rector or an academic staff member authorised to act on behalf of the Rector.

#### **Article 22 Bachelor and Master's thesis defence**

1. The procedure of Bachelor/Master's thesis defence is managed by the Chairman/member of the SE examining board authorised to act on behalf of Chairman.
2. At the beginning of the defence exam, the candidate shall introduce the Board to the assignment and the objective(s) of the thesis, continuing with a brief description of the method and the procedure applied in order to find the solution, concluding with a presentation of the results achieved.
3. Next part of the exam consists of the board shall go through the thesis supervisor's and the opponent's report and the candidate shall reflect the comments included in supervisor's and opponent's assessment opinions, answering the questions related to the topic of the thesis, asked by the members of the examining board.
4. The candidate may defend his/her thesis even in the case that the supervisor and the opponent have agreed on the result "Failed". The final grade then follows from the decision of the examining board.

#### **Article 23 Overall Evaluation of Study**

1. The overall result is based on the results achieved during the programme and on the assessment of the state exam. There are three possible overall results, "Passed with honours", "Passed" or "Failed".
2. The overall result "Passed with honours" means that the student's average grade for the whole period of studies is 1.5 or better provided that no more than two subjects were graded "Good" and the overall assessment of the state exam was "Excellent".
3. Graduates from Bachelor's Degree study programmes are awarded the academic title "Bachelor" (abbr. "Bc." to be used before their name) pursuant to Sec. 45 (4) of the Act.
4. Graduates from Master's Degree study programmes are awarded the academic title "Engineer" (abbr. "Ing." to be used before their name) pursuant to Sec. 46 (4) (a) of the Act.

## **Part Four Final Provisions**

### **Article 24            Validity of the Study and Examination Regulations**

1. Revokes the Study and Examination Regulations registered by the Ministry on 12 of October 20110, reference number 21117/2010-30..
2. This Study and Examination Regulations was negotiated and adopted by the Academic Council on 8 of August 2012.
3. The Study and Examination Regulation becomes valid and effective in compliance with Sec. 36 and 41 of the Act by the Ministry's registration.
